

Ramesh Ladak Tare

Machine Learning Engineer | Maharashtra, India

Mobile: +91-9892634423 | **Email:** ramesh.ladak.tare.415@gmail.com | **LinkedIn:** linkedin.com/in/ramesh-ladak-61 | **GitHub:** github.com/rameshladak22

PROFESSIONAL SUMMARY

ML Engineer with strong expertise in Python, Scikit-learn, and TensorFlow, deploying models to production using Docker and REST APIs. Experienced building end-to-end ML pipelines for Indian analytics firms and product companies. Solid foundation in statistics and feature engineering.

TECHNICAL SKILLS

Tools & Technologies: Pandas, Git

MLOps & Deployment: AWS SageMaker, Kubernetes, Azure ML, MLflow, MLOps

NLP & Computer Vision: GPT, Natural Language Processing, OpenCV, Computer Vision

ML Libraries & Frameworks: XGBoost

Soft Skills: Time Management, Project Management, Team Collaboration, Communication, Adaptability

PROJECTS

Predictive Churn Model for Telecom

Tech Stack: Pandas, MLflow

- Engineered 45+ features from raw telecom usage data including RFM and behaviour signals.
- Compared XGBoost, LightGBM, and Random Forest; selected LightGBM at 88% AUC-ROC.
- Tracked 30+ experiments using MLflow and registered best model to the model registry.

Sentiment Analysis Engine for E-commerce Reviews

Tech Stack: Pandas

- Fine-tuned a BERT-based model on 200K e-commerce reviews achieving 91% F1 score.
- Built an ETL pipeline to ingest reviews daily from multiple platforms using Airflow.
- Deployed the model as a REST API serving 5,000+ inference requests per day.

Real-Time Object Detection for Smart Surveillance

Tech Stack: Computer Vision, OpenCV

- Trained a YOLOv8 model on a custom 15K-image dataset for multi-class object detection.
- Achieved mAP@50 of 0.87 with real-time inference at 30 FPS on edge devices.
- Integrated OpenCV pipeline for video stream processing and alert generation.

EDUCATION

B.Tech – Data Science

DY Patil College of Engineering(DYPCOE) | 2026 | CGPA: 6.32

Class XII – Maharashtra State Board

2021 | 79.67%

Class X – Maharashtra State Board

2019 | 71.2%
